

Department of Biotechnology, Meerut Institute of Engineering & Technology, Meerut, Uttar Pradesh, India in association with Indian Academy of Biomedical Sciences (IABS) organized a One-day International Mini Symposium on “Biotechnology in Medical Research on 24th April, 2018. The event was co-organized by Department of Pharmaceutical Technology, MIET and Department of Biotechnology & Microbiology, MIET, Meerut and graced by Prof. Hari S. Sharma (Chief Guest), Prof. Shyam Prakash (Guest of Honor), Sh. Puneet Agarwal (Vice-Chairman, MIET Group of Institutions) and Lt. Gen. J. M. Garga (Director General, MIET Group of Institutions) along with key personals of MIET Group of Institutions.

Prof. Hari Shankar Sharma is an India born Dutch Biomedical Scientist and Professor affiliated to the Vrij University Medical Centre, Amsterdam, The Netherlands and presented his views on "Genomics and Proteomics Microarray Technology" which were highly appreciated. The technical session was concluded with question and answer round where budding minds were able to clarify their doubts on the topic.

The event was followed by expert lecture of Prof. Shyam Prakash, AIIMS, New Delhi, who presented his views on "Dysregulation of Asymmetric Dimethyl Arginine and Molecular Expression of Tight Junction Proteins in Gastric Cancer". His studies reflected upon the eating disorders amongst youth leading to cancer.

In second technical session, participants presented their research in the form of posters and oral presentations. The seminar was successfully completed with distribution of prizes to the winners of both poster and oral presentations and concluded by Vote of thanks by Mr. Yash Yogesh Gupta, Secretary, MIET Biotechnology Society (MBS).
