Telegram Post (13-Jan-2021)

Bolt IoT (Inventrom Private Limited) have an internship requirement at our company. I hope we have reached the right person, if not, do forward this mail to the concerned person to take this discussion forward. I have mentioned the details of the internship below:

Eligibility: Should be studying in Electronics, Electrical, Instrumentation, Computer Science, IT or any other related branch. Students from all 4 years are eligible.

Internship duration: 2 months

Type: Work from home. This means that students could take up the internship even if their college semester is ongoing. Suitable break will be given at the time of exams.

Stipend: We offer a stipend to the students based on their performance during the internship.

Number of Interns: 20

As part of this internship, the students will work after their regular class hours and on weekends. We shall ensure that their regular study schedule is not affected. Here is a link to the detailed job description for your reference: JobDescription_BoltIoT_Internship. Do share the same with the students of Dr. A.P.J. Abdul Kalam Technical University.

Selection process:

1. Interested students will have to visit this link <https://info.boltiot.com/studentpartnerinternship> to submit a formal application. Application deadline: Tuesday, 12th January 2021, we will not accept applications for this batch after 12th of January 2021.
2. CV shortlisting
3. Telephonic interview round

The best performing students will be considered for a full time job offer (PPO).
