IBM's Center of Excellence

SPOC: Mr. Rohit Aggarwal
HoD & Assistant Professor,
Dept. of CSE – Data Science

OBJECTIVES

Enhance Technical Skills and Knowledge

Encouraging the development and adoption of cutting-edge technologies to address industry challenges and drive competitiveness.

Promote Innovative Solutions

Empowering individuals with advanced technical expertise and know-how through training programs and hands-on experiences.

Support Academic-Industry Collaboration

Creating a conducive environment for exploration, experimentation, and breakthrough innovations in IT solutions and services.

Facilitate Research and Development

Creating a conducive environment for exploration, experimentation, and breakthrough innovations in IT solutions and services.

Driving Innovation Through Collaboration and Expertise

Promoting Innovation

The COE focuses on fostering innovation within the organization to drive technological advancements.

Facilitating Collaboration

Encouraging collaboration among teams to enhance research capabilities and project outcomes.

Providing Resources

Offering resources and expertise to support successful project implementation and developments
Enhancing Technological Advancements

Empowering teams with the latest technologies and knowledge to achieve project success.

Resources

State of the Art Facilities
- Equipped with modern computer labs with required software for hands-on learning and experimentation.
Online Learning Platform
- Providing access to a comprehensive online learning platform.

Expert Faculty
- Comprising experienced instructors with a passion for teaching and mentorship.

Industry Partnership
- Collaborating with the company in providing the contents of course modules.

IMPACTS

- Makes students ready for placement drive.

- Enhancing the competitiveness of students to participate in various Hackathons.

TEAM MEMBERS

S. No.	Faculty Name	Contact No.
1.	Mr. Rohit Aggarwal	9997798468
2.	Ms. Shivani Singh	9068521684
3.	Mr. Punit Mittal	7500499004
4.	Mr. Vivek Kumar	9045616213

OUR ACHIEVEMENTS

2017
88 Students placed in IBM

2018
10 Students placed in IBM

2021
1 Student placed in IBM @11 LPA

2022
3 Students placed in IBM

Milestone

5 Faculties

8 Faculties

100+ Students

Cleared Security Intelligence Certification

Cleared Blockchain Developer Certification

Certified in Artificial Intelligence, Data Science, Cloud & Cyber Security

Roadmap

2024-25
- Training & Curriculum development
- Community Outreach

2025-26
- Faculty Development
- Industry Projects
- Student Development

2026-27
- Specialization Task
- Research & Innovation
- Increase the resources
- Industrial Projects

2027-28
- Symposium or Conference
- Consultancy Projects
- Focus on Customer 360 Support

2028-29
- Faculty Development
- Research & Innovation
- Consultancy Projects
- Student Development
- Specialization Task

Note: This is a tentative roadmap for the upcoming years. It may vary accordingly.

Badges

Journey to Cloud: Envisioning Your Solution
IBM SkillsBuild

Getting Started with Enterprise Data Science
IBM SkillsBuild

Getting Started with Enterprise-grade AI
IBM SkillsBuild

This credential earner demonstrates knowledge and understanding of the digital transformation drivers made possible by cloud technologies and services.

This badge earner has completed all the learning activities included in this online learning experience, including hands-on experience, concepts, methods, and tools related to Data Science roles and their use of technology applied to enterprise projects.

This badge earner has completed all the learning activities included in this online learning experience, including hands-on experience, concepts, methods, and tools related to the artificial intelligence domain.

THANK YOU
