## ABOUT US

Established in 1997, Meerut Institute of Engineering & Technology (MIET) has been synonymous with academic excellence, innovation, and outstanding placements. Recognized among India's leading Institutions, MIET has consistently achieved remarkable success in academics and employability, producing more than 28 AKTU Gold Medallists, including recipients of the Chancellor's Medal in consecutive years.

A NAAC and NBA-accredited autonomous Institution, MIET offers a dynamic learning environment that blends academic rigor with industry relevance. We provide 100% placement assistance and focus on developing Future-Ready Professionals through skill-based learning, coding culture, innovation challenges, and industry-driven training.

MIET's commitment to entrepreneurship and research is reflected through the MIET Incubation Forum, ACIC MIET Meerut Foundation, and AICTE Idea Lab, which have nurtured over 87+ startups and earned multiple recognitions, including Best Startup Awards from the Hon'ble Governor of Uttar Pradesh. The Institute is an AKTU-recognized research center in Pharmacy, Biotechnology, Computer Science & Engineering, and Electronics & Communication Engineering.

Through strategic collaborations with global industry leaders such as IBM, SAP, Salesforce, Adobe, Bosch, Texas Instruments, and Siemens, MIET equips students with cutting-edge technological expertise and hands-on industry exposure. Guided by the vision of its leadership, MIET continues to empower students with knowledge, innovation, perseverance, and entrepreneurial thinking, making it one of the most sought-after Institutions for higher education in India.

## VISION

To be an outstanding Institution in the country, imparting technical education, providing need-based, value-based, & career-oriented programs, & producing self-reliant, self-sufficient technocrats capable of meeting emerging challenges.

## MISSION

The mission of the Institute is to educate young aspirants in various technical fields to fulfill the global requirement of human resources by providing sustainable quality education, training, & an invigorating environment, besides molding them into skilled, competent, & socially responsible citizens who will lead the building of a powerful nation.

## OBJECTIVE

The Institute aims to produce technically skilled professionals who meet both local & global industry standards in Management & Technology. It offers quality education & holistic development through qualified staff & advanced infrastructure. Regular training programs, workshops, & industry interactions enhance academic excellence. The Institute remains committed to national development and regional social upliftment.

# MESSAGES FROM DESK

Welcome to Meerut Institute of Engineering & Technology, a premier Institution dedicated to fostering innovation, creativity, & excellence in engineering education, while empowering students to achieve their dream careers.

As Chairman, I am proud to lead an Institution that has consistently delivered high-quality education, research, & innovation since 1997, nurturing talent & transforming young minds into global professionals. Our commitment to academic excellence, Industry partnerships & student development have enabled us to produce skilled engineers who excel globally.

At MIET, we strive to create a conducive learning environment that encourages creativity, critical thinking, and innovation. Our experienced faculty, Modern infrastructure, and industry-relevant curriculum ensures that our students are well-equipped with advanced practical knowledge, strong industrial & International ties, and a thriving alumni network to tackle real-world challenges.

With students from diverse backgrounds and a strong alumni network, we take pride in our inclusive and dynamic community. By choosing MIET, you have taken an important step toward shaping your future. We remain committed to providing opportunities for students to grow, learn, and succeed.

**SHRI VISHNU SARAN**

Chairman – MIET Group of  
Institutions

As the Director of Meerut Institute of Engineering & Technology (MIET), I extend a heartfelt welcome to all aspiring engineers & technologists. At MIET, we are dedicated to nurturing talent & fostering innovation through a strong academic foundation, cutting-edge research opportunities, and meaningful industry exposure. Our mission is to shape students into competent professionals & responsible citizens who can lead with integrity & vision in an ever-evolving global landscape.

We believe in holistic development, encouraging not just academic excellence but also leadership, creativity, & ethical values. With state-of-the-art infrastructure, experienced faculty, & a vibrant campus life, MIET offers an environment where ideas thrive & futures are built. Join us on this journey of discovery, innovation, & excellence. Together, let us build a brighter future for you & the world around you.

# OUR ACADEMIC TOPPERS

**T**oday, we proudly celebrate the shining stars of MIET-our academic achievers who have turned hard work into success. Their dedication focus, and passion for learning are truly inspiring. These students remind us that excellence isn't just a goal-it's a way of life at MIET.

The Prize distribution ceremony is a proud moment for MIET, as we honor our outstanding students and academic achievers. These bright minds have not only excelled in their studies but have also set a benchmark of dedication, discipline, & determination.

# CENTER OF EXCELLENCE

C is a compiled language. Python is an interpreted language. There is a limited number of built-in functions available in C

Wipro's technology & IT consulting services enable enterprises to build innovative solutions for addressing the most complex digital transformation needs.

See how AI and automation are the catalyst for continuous innovation by using the UiPath Business Automation Platform to automate all knowledge work.

Invent with purpose, realize cost saving, and make your organization more efficient with Microsoft Azure's open flexible cloud computing platform

Salesforce, Inc. is an American Cloud-based software company headquartered in San Francisco, California.

Data Science, artificial intelligence (AI), and machine learning (ML) are related fields that use data to inform decision-making.

IoT refers to devices equipped with sensors, software, & processing capabilities that connect to networks to collect & exchange data with other devices & systems.

As part of the expanded collaboration, Intel will produce an AI Fabric chip for AWS on Intel 18A, the company's most advanced process node.

Cybersecurity is the practice of protecting systems, networks, and programs from digital attacks.

Texas Instruments has been making progress possible for decades, we are a global semiconductor company that designs, manufactures, tests and sells analog.

At Honeywell, we're transforming the way the world works, solving your business's toughest challenges.

SAP University Alliances students and faculty to SAP software by providing networking and educational activities & partnering to build.

AIMA BIZ LAB is a first-of-its-kind virtual lab for management students. Just like the laboratories for other education fields, the AIMA BizLab software.

For more than a century, IBM has been a global technology innovator, leading advances in AI automation hybrid cloud solutions that help businesses.

## INTERNATIONAL COLLABORATION

At Meerut Institute of Engineering and Technology, we are duly committed to being quality globally competent professionals who constantly strive for global excellence and make India the hub of the best educational training Institutions. Studying programs with global partnerships can elevate a student's exposure to International trends in their field of study, open up global opportunities in terms of research, and provide global connections that can help them find excellent career opportunities in the long run. MIET might be local, but in the times to come, we will break the glass ceiling and be a global educational powerhouse.

# INDUSTRIAL CONNECT

At Meerut Institute of Engineering and Technology, the ongoing interaction between the Industry-Academia Connect is an essential one. To strengthen the relationship between industry and our Institute, the Industry-Institution Interaction Cell was established right at its inception, which provides an excellent platform for both the students as well as the faculty members to be aware of industry expectations from the graduates. IAC serves as a podium to showcase the best practices, latest technologies, an industry standpoint and their implementation.

Students stand to benefit greatly from exposure to real-world applications and industry challenges. When businesses collaborate with Educational Institutions to provide more practical experiences, it enhances the learning experience and yields better outcomes.

Department Batch 2000-2004

MIET has been a very great experience for me. This place changed me personally as well as professionally. MIET provides better exposure for your personality development. Teachers have always been very motivating and guiding even after college life is over. I am thankful to the administration of MIET.

Thank You MIET for making me what I am today.

Dedication, efforts, results, and discipline are major pillars of MIET's faculty. All faculty members focus on students; growth and careers. While part of MIET as a student, faculty members have worked as catalysts who amplified my learning process. Well-maintained Library is the ocean of knowledge whether in core subjects or extracurricular activities like sports, news, languages, encyclopedias, and the Indian constitution. I would like to recommend MIET as a great learning Institute for upcoming talented scholars.

**Mr. Deepanshu Sharma**

Flying Officer  
Indian Air Force, Batch 2016-2020

Success is no accident, it's the hard work, perseverance, learning and most of all love for what you are doing. College journey is like Calculus, where we are taught what is to be differentiated & what is to be integrated. MIET has taught me to integrate hardwork and vision and achieve the desired. My teachers acted like a constant buoyant force that helped me in sailing through the rough tides and finally reaching the seashore. To date, I cherish wonderful experience of my college days and wish greater success to it. May my college reaches the zenith.

**Mr. Ankur Sachdeva**

Regional Sales Manager BD India Pvt.  
Limited Batch 2000-2004

I am Deepanshu Sharma, a flying officer at the Indian Air Force. MIET has played pivotal role in shaping my personality. MIET has contributed significantly in my success. I thank entire faculty of MIET for providing me the opportunities and resources required to gain key skills and the confidence that comes with it. Special mention to the Dept. Of Electronics and Communication Engineering which guided us every step of the way.

**Mr. Srijan Tyagi**

Indian Airforce  
Indian Air Force Batch-2016-2020

# Alumni Testimonials

**Aditya Pratap Singh**

Indian Air Force  
2016-2020

I am Aditya, a proud alumnus of the Mechanical Engineering department, Batch 2016-2020. My journey at this esteemed institution has been transformative. The dedicated faculty, state-of-the-art facilities, and a Conducive learning environment equipped me with the skills and knowledge essential for my career. I am grateful for the holistic education and the opportunities provided, shaping me into a confident professional. The friendships formed and experiences gained during my time here are invaluable. Thank you for fostering an atmosphere that nurtures growth and excellence.

I had the privilege of completing my B.Pharm. from Meerut Institute of Engineering and Technology (MIET) in 2007, and it was an enriching experience. MIET provided me with a solid foundation in both theoretical and practical aspects of pharmacy, which has been Instrumental in my professional growth.

**Mr. Deepak Raj Chaurasia**

Manager  
STAAR Surgical Batch 2003 - 2007

**Mr. Shashikant**

Drug Inspector  
CDSCO, New Delhi Batch 2003 - 2007

The academic experience has been one of the biggest takeaways at MIET. I am constantly amazed by the new things I learn every day in the classroom. The faculty at MIET are knowledgeable in their respective fields and encourage student participation by facilitating discussions in class. What has struck me most about the faculty at MIET is how concerned they are about the students learning. I am grateful To be a part of MIET.

It has been several years now, but when I look back and trace my roots to MIET I remember arriving with bright eyes and a personal goal to succeed. Many things have changed over time, but the pillars of strength laid by teachers at MIET continue to help me stand tall amidst the competition.

**Mr. Sourabh Kumar**

National Sales Head  
Archies Limited, Naraina, New Delhi.  
Batch 2013 - 2015

## ATTENDANCE REQUIREMENT AS PER AKTU ORDINANCES ARE REPRODUCED BELOW:-

1. Every student is required to attend all the lectures, tutorials, practicals, and other prescribed curricular and co-curricular activities. The attendance can be condoned up to 25% on medical grounds or for other genuine reasons beyond the control of students.
2. A further relaxation of attendance up to 15% for a student can be given by the Head of Institution/College, provided that He/she has been absent with prior permission of the Head of the Institution/College for a reason acceptable to him. It is purely discretionary for those who have been hospitalized.
3. No student will be allowed to appear in the end semester examination if he/she does not satisfy the overall average attendance requirements of clauses No. 1 and 2, and such candidate(s) shall be treated as having failed and will be further governed by clauses No. 9.289.3.
4. The attendance will be counted from the date of admission in the college or the start of the academic session.

## CODE OF CONDUCT & INSTITUTE'S RULES AND REGULATIONS

### Institute Discipline and Code of Conduct

To maintain a healthy academic environment and promote discipline, all students must adhere to the following rules:

#### 1. Attendance

Students must comply with the attendance requirements prescribed under the AKTU Ordinance.

#### 2. Anti-Ragging Policy

Ragging in any form is strictly prohibited and is a punishable offense.

- Students involved in ragging may face suspension, expulsion, and legal action, including an FIR.
- Any physical, mental, or emotional harassment of juniors will be treated as ragging.
- Students facing any issue should immediately contact the Proctorial Board.

Helpline numbers : 9315592155, 8218610368

#### 3. Dress Code

Students are expected to wear decent formal attire that reflects professionalism and discipline.

#### 4. Prohibited Substances

Possession or consumption of tobacco, alcohol, drugs, gutka, or any intoxicating substance is strictly prohibited. Smoking is not allowed on campus.

#### 5. Identity Cards

Students must carry and display their Institute Id Card while on campus. Entry may be denied without a valid ID card.

#### 6. Training and Placements

Students must follow all placement rules issued by the Institute. Violation of these rules may result in debarment from placement activities.

#### 7. Authentic Documents

Submission of forged or false documents may lead to legal action and cancellation of admission at any stage.

#### 8. Safety

Students must follow all laboratory and workshop safety guidelines. While the Institute provides a safe environment, students are responsible for their own safety.

#### 9. Entry of Outsiders

Bringing outsiders onto campus for disputes or disruptive activities is strictly prohibited and will attract disciplinary action.

#### 10. Acts of Indiscipline

The following will be treated as misconduct:

- Misbehaviour with faculty, staff, or fellow students
- Harassment of any kind
- Examination malpractice
- Damage to Institute property
- Mass bunking or disruption of academic activities
- Disobedience of Institute rules and orders
- Non-payment of Institute dues

Appropriate disciplinary action will be taken by the Proctorial Board, whose decision shall be final.

#### 11. CCTV Surveillance

The campus is under CCTV surveillance to ensure safety, security, and discipline.
